*Dear David:*

*I would just like to take this opportunity to thank you for a simply marvelous event ! We know that all had a great time because no one wanted to leave our daughter's wedding and we had requests for the band to play on and on. Had it not been for the local restrictions in Dare County I think we would have danced the entire night away ! You and yours were simply wonderful and we will recommend you again and again. One glance at the full dance floor told the tale!*

*Many thanks for your musical contributions to a very festive event...one we will remember a lifetime !*

*Sincerely yours,*

  
*Georgeann Eckstine*
